

# Andy Xu

San Jose, California — andyxu.sanjose@gmail.com — linkedin.com/in/ayzxu — (408)-614-6921 — US Citizen

## EDUCATION

Carnegie Mellon University, Pittsburgh, PA

Enrolled: Aug 2022 — Graduated: May 2026

B.S. in Business Administration with University Honors, Minor in Computer Science

GPA: 3.95

- **Relevant Coursework:** Parallel and Sequential Data Structures and Algorithms, Machine Learning for Business Analytics, Computer Systems, Data Mining in Business Analytics, Design of Human-Centered Software, Data Management
- **Dean's List:** Spring 2024, Fall 2024, Spring 2025, Fall 2025, Spring 2026

## SKILLS

- **Languages:** Python, Java, C++, C, SQL, JavaScript
- **Libraries/Frameworks:** React.js, Node.js, Flask, PyTorch, TensorFlow, Pandas, NumPy, LangChain
- **Cloud/Infrastructure:** AWS (Lambda, Cognito, S3), Terraform, PostgreSQL, Git, Bruno, Postman

## WORK EXPERIENCE

Endeavor AI

San Francisco, CA

Forward Deployed Engineer

Mar 2026 - Present

- Collaborated on customer-facing platform spanning **180+ API endpoint (FastAPI, React, PostgreSQL)** with agentic **Pinecone** hybrid vector search
- Engineered async **FastAPI** middleware unifying legacy systems via **Pydantic** schemas
- Provisioned multi-environment **AWS** infrastructure with **Terraform: 8 Lambdas, Cognito**, cross-region **S3**
- Built ERP write-back integrations for **3 vendors**; automating daily data syncs via **AWS Lambda**
- Translated ambiguous client requirements into deployed feature flags through direct stakeholder collaboration

IBM

San Francisco, CA

AI Engineer Intern

May 2025 - Aug 2025

- Developed an intelligent document processing pipeline leveraging **OCR, TensorFlow, and Granite-8B** to cut processing costs by **80%** and run **2.5x** faster than GPT baseline
- Created a semantic search pipeline and chatbot utilizing **watsonx.ai, Pytorch, and Puppeteer** for Minnesota Government
- Engineered full-stack automated recording summarization platform integrating **watsonx.ai** with **Flask** and **ThreadPoolExecutor** parallel processing, achieving **80%** faster transcription and **90%** time savings
- Built internal AI OneDrive document chat system using **LangChain** and **vectorized Lucene database**

IBM

San Francisco, CA

Data and AI Specialist Intern

May 2024 - Aug 2024

- Ensured client readiness for Data and AI infrastructure with technical solutions, reducing deployment time by 20%
- Prospected **10+** use cases and demos for IBM's **watsonx.ai, watsonx.data, and watsonx.gov** in Python and SQL
- Built fullstack application with **Node.js, HTML, and CSS** for manipulating sales CSV files using **Pandas** in Python
- Constructed custom Excel spreadsheet with macros to assist sales team with **40+** clients

## EXTRACURRICULAR EXPERIENCE / PROJECTS

Squat Form Analyzer — Python, MediaPipe, OpenCV, NumPy

Repository: <https://github.com/ayzxu/squatform>

Nov 2025

- Developed a web app that analyzes lifting form with integrated video processing using OpenCV
- Implemented MediaPipe pose detection to extract 30+ body keypoints and process video frames in real-time
- Built custom biomechanical analysis algorithms to evaluate knee tracking, back angle, depth, and alignment metrics

ThreeGL Planet — React.js, Three.js, WebGL, Vite, GLTF + Draco/KTX2

Repository: <https://github.com/ayzxu/threegl-planet>

Sep 2025

- Built a browser-based 3D game world with React, Three.js, and WebGL, featuring spherical gravity orbiting camera
- Designed asset pipeline (GLTF + Draco/KTX2 compression) and optimized performance for desktop and mobile devices

Private Equity and Venture Capital Teaching Assistant

Pittsburgh, PA

Intro to Finance, Graduate Finance, Private Equity, Venture Capital TA

Aug 2024 – May 2026

- Instructed and assisted **100+** graduate and undergraduate students with financial analysis concepts
- Led office hours and review sessions, clarifying core concepts such as capital structure, deal mechanics, and fund economics

CMU Men's Club Volleyball

Pittsburgh, PA

President

Sept 2022 – May 2026

- Led team to **top 15** in Division II of National Club Volleyball Foundation in 2023, 2024, 2025
